

GRANVILLE EAST PUBLIC SCHOOL

OUR CHILDREN

TERM 3 - WEEK 10

THURSDAY 26TH SEPTEMBER 2019

Thank you for another wonderful term of learning at GEPS! Students and staff have been working hard to achieve learning goals both in the classroom and beyond.

Show-casing GEPS!

Open Day last week, was an opportunity to showcase the wonderful talent and opportunities here at GEPS. Thank you to those families who came to find out about us; visit classrooms; and to enrol your children for next year! Thank you too to the 4 fabulous Stage 2 students who spoke with parents and led the tour with me.

Some proud award winners

Performance day!

We are all looking forward to seeing students perform tomorrow at our "At the Movies" show case! Every student will be on stage highlighting the Performing Arts at GEPS. We have taken the music from some great movies and put them into performance items to entertain you!

Movies featured will be: *Toy Story, The Lion King, Spider Man, Moana, The Greatest Showman, Aladdin, Pitch Perfect, High School Musical, Sing, Annie & The Sound of Music!*

Cakes and tea/coffee will be on sale for adults during the performance—and a BBQ will be providing lunch \$2 after the event.

See you at 11:30am!

Louise heads outback...

Just letting you all know that I am taking the first 3 weeks of next term as leave. I am heading off camping in the South Australian outback. Mrs Tainsh will be relieving principal for those 3 weeks and I will see you all in November.

I wish everyone a safe, happy and restful break.

School starts for everyone on **Monday 14 October.**

L Reynolds, Principal

Term 3 ends:

Friday 27 September

Term 4 starts:

Monday 14 October

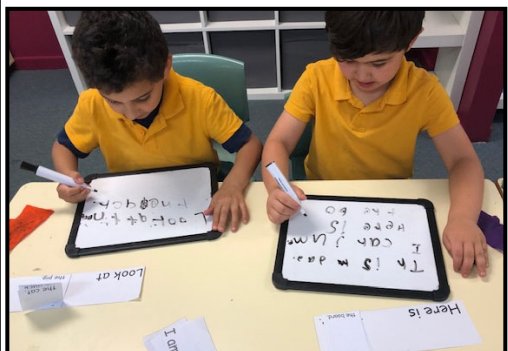

Junior Netball Winners!!

Kawsar, Nicole, Reva, Amarni, Thamanna, Zhara, Rabab and Kasa

Amir, Max, Amani & Israa sharing what they love about GEPS

1/K Luritja practising writing

Celebrations of learning

Monday's assembly highlighted the range of learning outcomes that students have achieved this term. Watching students improve and shine makes me so proud. Thank you to Mrs Hill and Mrs Faghani for organising the assembly.

Granville East Public School Presents...

"At the movies"

A selection of songs and dance performances by our GEPS SUPERSTARS!

When: Friday 27th September
Time: 11:30 am-1pm
Where: GEPS School Hall

Cake Stall!

On the School Performance day Friday 27th September the P & C are holding a Cake stall.

You can support this fundraiser by bringing in cake, cupcakes, biscuits etc, DIRECTLY TO THE COMMUNITY ROOM on Friday morning. Cakes will be on sale from 11:30am near the hall. This is a P & C fundraiser

BBQ LUNCH

Sizzling Halal Sausage Sandwich
ONLY \$2.00

Available after the school performance.

This is a GEPS fundraiser

Doing our Bit For The Environment!

Planting seeds and watering the vegetable gardens.

Picking up rubbish around the school.

Planting seedlings in Western Sydney Parklands.

we have to care for our environment. If we don't our Earth will be filthy and not clean.

We can take care of our environment by putting our rubbish in the bin. we can pick up rubbish so animals can't eat our rubbish. If they do they will choke and die. we could clean up our mess so kids can't trip. we can plant flowers or trees so some animals can live in the trees.

Writing about ways we can care for our environment.

Garden Project

with Mrs Delvecchio

This is 1D working in the village garden area.

They have been putting mulch in and around the garden beds to help keep the water inside and plants moist.

The children were racing against each other to see who could mulch the fastest!

Years K to 2 have been busy this term at **Seed Harvest Spoon** learning about soil, worms, insects, plants and much more!

We were very lucky to start the term off with a visit from Glen Thomas, a proud Indigenous man from Townsville North Queensland with strong roots to his Bidjara and Wakamin heritage.

Glen talked about the instruments he plays and how they were made from various plants.

He showed us a dance about thunder and taught us one about the waves and another fun one about kangaroos. Students were surprised by the lovely smell of the lemon myrtle leaf and how the banksia flower could be used as a hair conditioner. Glen explained the importance of plants, animals, learning, dance, music, natural cycles and caring for country.

Students have transformed the beds by building up the soil and planting them with lots of delicious vegetables. They have been diligently watering the seedlings so we are hoping that all of the care will mean we'll have another feast for next term!

As well as feeding ourselves, students have set up and started feeding several worm farms. The worms eat our scraps and we use their worm whizz and castings to feed the plants.

Thank you to the K-2 students and teachers for a fabulous term in the garden and I look forward to another exciting term with many more worms, lasagna beds, planting and food!

Aleisha, Educator from Seed harvest Spoon

MATHS CORNER

Term 3 School Holidays Challenge

Count to 100 Bingo

During the school holidays can you find all the numbers to 100 in the environment? You might see the numbers on house numbers, number plates, at a café or anywhere!

Fill in the 100 chart for a Bingo and turn it in to Ms Beede's tray in the office. If you see a really great number, send it to your teacher on dojo!

100 BINGO
